REAL PEOPLE REAL EXPERIENCE

Read more about what our clients have to say about us

I went here today to get my highlights based on the reviews I read & recommendation from my friend. Met Saima who advised me on the highlights & was patient throughout. I'm really impressed with her selection, experience & the outcome. You can see from the image the amazing blend of colours she has given me similarly to the image I showed her. I will definitely go for other services. can't wait to get some other services done from them. ”

I always come to this salon. This time i went for hair highlights, Stylist Saima advised me not to do it as my hair is very damaged and she advised me on which color will suit my preferences. I followed her advice and I'm happy i did. My hair color turned out really nice. Quick service, polite and professional, as well as the other ladies. Amazing team! ””
